

Multifamily Buildings 2008 - Preliminary Conference Grid				Multifamily Buildings 2008 - Preliminary Conference Grid				Multifamily Buildings 2008 - Preliminary Conference Grid							
JULY 21, 2008 - MONDAY				JULY 22, 2008 - TUESDAY				JULY 23, 2008 - WEDNESDAY							
Domain	SESSION 1 11:00 AM	SESSION 2 2:00 PM	SESSION 3 4:00 PM	DOMAIN	SESSION 4 9:00 AM	SESSION 5 11:00 AM	SESSION 6 2:00 PM	SESSION 7 4:00 PM	DOMAIN	SESSION 8 9:00 AM	SESSION 9 11:00 AM	SESSION 10 2:45-4:15 PM			
A	Program Design	Wisconsin Focus on Energy's Apartment and Condo Efficiency Service Program - Workshop	California's Statewide Multifamily Energy Efficiency Rebate Program & National Grid's EnergyWise Multifamily Facilities Program - Panel	NYSERDA's Multifamily Performance Program: Rounding the First Turn Workshop	A	Program Design	It's All One Thing: Getting Better Affordable Housing in New York State - Panel	Deep Energy Reductions: Beyond Business As Usual - Forum	Green Affordable Housing Taking Root: National Examples - Panel	ESCO or No Go: Choices for Implementing Energy Efficiency in Public Housing Authorities - Panel	A	Program Design	We'll Provide the Product if You Provide the Labor - Workshop	EPA Forum: Update on Energy Star High Rise MFB Label - Forum	Cinton Climate Initiative- New York City Housing Authority Collaboration - Panel
		Carter Dedolph Brody Vance Sharon Gould	Helen Fiscaro Kathy Van Cott Davi Ibarra Teresa Davies Bob O'Brien	Mark Lorentzen Michael Colgrove Tom Rooney			Luke Falk Debra Devine Abby Sigal Arlo Chase	Linda Wigington Elizabeth Chant	Kim Vermeer Madeline Fraser Cook Katrin Klingenberg	Sean Neill Matt Pesce Ken Pushko Rick Ansley			Neil Curtis Steve O'Malley	David Lee	Lloyd Kass Matthew Magenheim
B	Implementation Strategies	Standards, Certification and Accreditation in the MFB Sector: New Directions - Panel	"Bulbs Be Gone"-The Coming Eradication of Incandescents in Multi-Family Housing, and How We'll Get from Here to There - workshop	Condos & Coops: New Laws Challenge Board Authority to Regulate Common Elements - Workshop	B	Implementation Strategies	Implementing a Utility Low Income Gas Efficiency Program with WAP: Including MFBs - Panel	Much Ado About Utility Allowances - Panel	Affordable Housing: Using Aggregation to Finance and Implement Energy Efficiency - Workshop	Energy Efficiency Financing that Works for Owners and Bankers - Panel	B	Implementation Strategies	Just Short of Gut Rehab: Comprehensive Efficiency Efforts in High Rise Buildings - Workshop	Why Projects Succeed: Best Practices in Completing Energy Efficiency Projects - Panel	Multifamily Confessional - Panel
		Mathew Anderson Larry Zarker David Lee David Hepinstall Michael Colgrove	Fred Davis Jennifer Thorne Amman	Alice Finley and Andrew S. Fortin, Esq.			David Hepinstall Laura McNaughton Elliott Jacobson Akil Friday Pauline Morgan	Julieann Summerford Nehemiah Stone Michael Freedberg Carl Hafner	Jeffrey Summerville Jennifer Hatch	Richard Cherry Leonard Maisel Michael Weisberg Peter Holyte Getz Obstfeld			Brody Vance Don Hynek	Pat Fitzgerald Bert Ian Shapiro Dan Rieber	Andrew Padian, Dan Rieber, Tom Sahagian Luke Falk
C	Measurement & Evaluation	Pre and Post Construction Energy Consumption Tracking - Workshop	Measurement and Validation of Achieved Energy Savings through Benchmarking and Traditional Billing Analyses - Workshop	Benchmarking HUD Public Housing Nationally - Workshop	C	Measurement & Evaluation	Infiltration Testing and Air Sealing in MFBs - Workshop	Developing an Energy Master Plan Program: Best Practices - Workshop	Calculating "Carbon Footprint" for Large Buildings - Workshop	Multifamily Updates: Benchmarking, Retrofits, Rehab and New Construction - Panel	C	Measurement & Evaluation	Windows in MFBs: Replace or Repair - Workshop	Cap & Trade and RGGI: Implications for Energy Efficiency - Workshop	-
		Jeff Perlman Chris Balbach	Maria Karpman Tom Rooney Terry Sharp	Dick Santangelo Terry Sharp Glen Salas			Don Hynek Torrence Kramer	Fredric Goldner	Don Hynek Brody Vance	Andrew Padian Ben Kornfeind Keirryn Ross			Steve Tratt Tony Woods	Steve Cowell	
D	Advanced Technology and Renewables	Combustion Control Systems: Maximizing Energy Efficiency - Workshop	Advanced Heating Controls and Remote Monitoring Technologies Panel	Principles of Efficient Hydronic Heating Systems for Multifamily Buildings - Workshop	D	Advanced Technology and Renewables	CHP Technologies & Applications in MFBs - Workshop	Cost Effective Solar Heat & Hot Water and a Solar Design High-Rise Multifamily Case Study - Workshop	Central Domestic Hot Water Systems in MF Buildings: Research Results and Field Experience - Workshop	Strategies for Transforming Classic Brick Row Houses - Panel	D	Advanced Technology and Renewables	Integration of Advanced Metering Technology, TOU Rates and Demand Response in Multifamily Buildings - Panel	-	Condensing Boilers and Micro CHP in Multifamily Buildings - Workshop
		Peter Knauf, Andre Lotz, Grant F Bowman	Jim Leonard Vincent Clerico David Unger Lloyd Kass	Jeff Eichenwald			Jim Armstrong Steve Stone Tom Bourgeois	Ron Kamen Robert Garneau	Nehemiah Stone Fredric Goldner	Linda Wigington Elizabeth Chant Burkhard Schulze Darup			Joseph Lopes Herbert Hirschfeld Peter Douglas	Jerry Katz Dominique Lempereur	
E	Green Collar Jobs and Workforce Development	Energy Savings: When Maintenance/Management Becomes the Best Energy Component in the Building - Panel	"Commissioning" the Building Management Team in Affordable Housing - workshop	High Growth Job Training for Construction and Skilled Trades in the Energy Industry: A National Perspective - Panel	E	Green Collar Jobs and Workforce Development	NYC Green Jobs Roundtable: Progress Report - Panel	NYS Governor's Renewable Energy Task Force Recommendations - Panel	Critical Role of Managers, Maintenance Personnel and Residents in Fighting Climate Change - Forum	Impact of Building Operator Training: Property Managers Roundtable - Panel	E	Green Collar Jobs and Workforce Development	NYSERDA's Green Workforce Development Initiatives - Workshop	Skill Sets & Business Opportunities: Multifamily air sealing mid-to-high rise MFBs - Workshop	NYCHA & NYC HPD Green Education & Training Initiatives - Panel
		Andrew Padian Ryan Merkin Erica Brabon Leis Sims	Asit Patel	USDOL and USGBC			Joanne Derwin E12 Rebecca Lurie Elizabeth Weiner	Echo Cartwright Anthony Joseph David Hepinstall	Dick Koral Mary Ann Rothman Margie Russell	Charles Fritsch Dan Drosin Cathy Brady Gwen Horner Jacqueline Aleman			Karen Villeneuve Adele Ferrante	Steve Tratt Tony Woods	Paul Lepre Karen Booker
F	Energy Star & LEED New Construction & Gut Rehab	Green Building Certification for Multifamily Housing - Workshop	Achieving The Most Energy Efficient Apartment Buildings in New York City with No Extra Costs or Funding - Workshop	Building Green Affordable Housing - Developer, Engineer, & Program Manager Viewpoints - Panel	F	Energy Star & LEED New Construction & Gut Rehab	Energy Modeling for EnergyStar® Multifamily: Report from the Field - Workshop	Moving from the Definition of "Green" to How it Got Done - Workshop	Real World Completed Examples: Green, LEED, and High Performance Affordable Housing: Design, Costs, and Results - Debate	Aiming for Multiple Targets: Affordable High Performance Design for LEED and Energy Star - Panel	F	Energy Star & LEED New Construction & Gut Rehab	How Energy Star Led New York State to LEED - Workshop	NYCHA/NYPA Instantaneous Hot Water Program - Workshop	Sustainability Planning for Affordable Housing -
		Steven Winter Maureen Mahle Luke Falk	Henry Gifford Chris Benedict	Lilija Miller Shelley Allen Maureen Mahle Katherine Hanner			Maria Karpman Michael Colgrove Diane Ferington	Maureen Ness Rick Klun David Eijadi Dave Carlson	Andrew Padian Les Bluestone William Dunn Luke Falk	Ryan Merkin Gina Buffone William Stein Luke Falk			Luke Falk Michael Colgrove	Frank Romano Eric Alemany	Matt Pesce Jennifer Hatch
G	Action Prerequisites: Health, Safety and Technical Considerations	The Lowly, Lonely Fan Coil - Its Role in the Unintended Consequences When Improving the Efficiency of HVAC Systems in Multifamily Buildings - Workshop	Ventilation in Existing Multifamily Buildings - Workshop	Air Sealing Fire Separation Assemblies: Codes and Conflicts - Panel	G	Action Prerequisites: Health, Safety and Technical Considerations	Insulating Masonry: How, What, Why and Where - Workshop	Air Sealing for Multifamily - Workshop	Air Barriers in Buildings: Research Update - Workshop	Water Conservation Initiatives in MFBs - Workshop	G	Action Prerequisites: Health, Safety and Technical Considerations	Integrated Pest Management in MFBs & Urban Neighborhoods - Workshop	Ensuring a Complete Energy Audit - Workshop	Understanding Rates & Properly Employing Them in Analyses
		Alice Finley Mark Opdahl	Jim Fitzgerald Keirryn Ross	Duncan Prah Tony Woods Jim Fitzgerald			Chris Benedict	Carter Dedolph	Laverne Dalgeish	Warren Liebold			Caroline Bragdon Lynn Braband	Fredric Goldner Asit Patel	Jim Armstrong Natale DiDonato
